- **Technologies**: Caching, Google Maps API, Paystack Api, Stripe Api, Daraja Api

-**Other**: Routing and Switching, Data Structures And Algorithm, Computer Graphics, Object Oriented programming, Research methods in It

Professional Experience

Software Engineer Intern

Taquana **-**May 2024 – Present

- UI/UX Development: Designed and built user-friendly interfaces for Taquana, including a comprehensive admin dashboard with integrated analytics charts and Google Maps API.

- Backend Development: Developed backend applications using TypeScript, ensuring robust and efficient server-side functionality.

Projects

1. Farmec Frontend: https://farmec-frontend.onrender.com.

Education

1. BSc. Software Engineering

   University of Eastern Africa, Baraton(2020-2024)

   - Html,css,javascript,Python,Java

   - Data Structures and Algoriths

   - Computer Graphics

   - Object Oriented Programming

   - Routing and Switching

2. High school Diploma.

   St Peter's Marakwet High School.

   Mean Grade(B+)
